

Park Spring Primary School

"Achieving Together"

2 March 2017

Dear Parents/Carers

This term, year three's learning question is "how amazing is our body?" We will be studying the skeleton and muscles of the human body, as well as comparing it to the bodies of animals. We will also be looking at nutrition and how to keep ourselves healthy.

As part of our learning we will visit Thackray Medical Museum on **Wednesday 29 March** and participate in the "Teeth and Healthy Eating" talk. This is a fun, interactive and slightly messy talk in which we will learn all about our teeth, keeping healthy and exercise. We will also be entering two exhibitions in the museum: the Health Choices exhibition and the Life Zone. In the Health Choices exhibition we will learn all about medicine and how it has changed over history. In the Life Zone we will be completing lots of fun and interactive activities, such as following the digestion of a pea and measuring how tall we are and how far we can stretch.

We will be leaving school at 9:30am and returning at approximately 2:45pm. You will be able to drop off and pick up your child as normal.

For this trip, your child will need:

- Their own clothes - please send children to school in clothes you do not mind getting dirty as the talk can get quite messy.
- Packed lunch and a drink.

For the trip, we are asking for a voluntary contribution of **£3.50** which includes travel by coach to the museum.

If any medical/contact details have changed since you completed your child's health form at the start of the year, please let us know ASAP so we can amend them before the trip,

Yours sincerely,

Miss Stone and Miss Del Brocco
