- **Positive passport:** encourage your children to think of positive thoughts throughout the day and note them down and then at the end of the day share them together and give your child a stamp (or any alternative) for an "abundance of positive thoughts." http://kidsrelaxation.com/educator-resources/positive-passport/

- It is a good idea to keep the **daily structure** that your child is used to, you can do this by using a visual timetable to show them what they are going to do today. Example here: <a href="http://www.downssideup.com/2012/07/how-to-make-visual-timetable.html">http://www.downssideup.com/2012/07/how-to-make-visual-timetable.html</a>
  \*Top tip get your child to make their own squares\*
- Make a list of the jobs around the house (age appropriate) and next to each job put a price, once they have done that job, they receive the money. For example: putting toys in a box 10p.
- Create a tuck shop for snacks, open it in the morning and in the afternoon with a price list, give your child an amount per day to spend.
- Reward, reward! Keep the positivity by rewarding your child for good behaviour. Use a medium/large sized box/tub/jar with the aim to fill it to the top, put handfuls in at a time, not just one, so your child can watch it filling up. You can use any household items to fill it, once it is full, they receive a reward.
