Park Spring is in the Air!

Our local councillors have donated lots of Daffodil bulbs to add spring time beauty to the areas outside our school.

On Monday, at home time, come along and join us in planting bulbs at the main entrance of school (Swinnow Lane) and on Tuesday home time, come and help to plant at the Wellstone Avenue entrance. We have some tools but it would be brilliant if you could bring your own trowel, just incase!

The more the merrier, we would love YOU to get involved in this community project!

Thank you Mrs Ward

Year 1—What can we see in the streets around our school?

On Thursday our year 1 children went on a local area walk as part of our geography topic and we asked the question—"What can we see in the streets around our school?"

We had some wonderful discussions about the local area and what we could see.

Everyone was sensible. Well Done

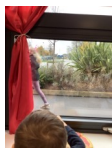

Reception Have Been Busy

This week in Reception we have been very busy! On Monday we had a visit from our local police officers who asked us for help to find Goldilocks. We made Wanted posters and wrote police reports. We even saw Goldilocks skipping past the window! On Friday a detective came to let us know that, because of our help, the police had found Goldilocks!

In the middle of our busy week we had a visit from some real owls which reminded us of our learning about owls when we looked at the book 'Owl Babies'. We even got to hold the owls! We also took part in Odd Sock Day to raise awareness of Anti-Bullying week and came to school in yellow to raise money for Children in Need.

What a busy week!

November Numeracy Challenge

15-21 November 2021

Parents & Carers

Your child's school has entered in the **November Numeracy Challenge**. This is a global mathematics challenge focused on using Live Mathletics. Students take part in 60-second races that test the speed and accuracy of their mathematics fluency skills. Prizes are awarded for top performing schools.

There is also a free Mathletics app for tablet devices that students can use to access Mathletics from anywhere. All of their activities are recorded and will be synced with their main Mathletics account.

The app is available for iPad and Android tablets.
