1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Each child who joins our school community will be welcomed and valued regardless of sex, race, belief, physical disability or learning difficulty. This accessibility plan focuses on a wide range of disability associated with pupils with severe learning difficulties and profound and multiple learning difficulties. At Park Spring School, pupil achievement is celebrated in a pupil-centered teaching and learning environment and excellent achievement at school enables pupils to be as independent as possible so that they make the most of opportunities when they leave school.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including Pupils, Parents, Staff, Governors and the local Authority.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises. This policy complies with our funding agreement and articles of association.

3. Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.

Increase the extent to which disabled pupils can participate and achieve in the curriculum	Staff have some awareness of B Squared following previous training. Utilisation of support staff across school has ensured that pupils are supported both on a 1:1 basis and within small groups/whole class. There is a continued need to ensure baseline levels are set and all staff are clear about the pupils' next steps.	To narrow the gap between SEND and non-SEND pupils so that the vast majority of pupils using B Squared achieve 80% of a progression step over a period of 12 months.	Implement electronic version of B Squared for pupils working at pre-key stage levels and the new SENIT DJ Training for all staff.
