

## Ancient Egyptian Art

1	There is no Ancient Egyptian word for art because the works they produced were for practical or religious reasons.		
2	sculptures	Ancient Egyptians crafted huge sculptures of their kings, queens, gods and goddesses.	
3	jewellery	Looking good was important to Ancient Egyptians. Highly skilled crafts people produced intricate jewellery with gold and precious stones.	
4	writing	Ancient Egyptians wrote in a pictorial alphabet called hieroglyphics.	

## Media

5	watercolour	Watercolour can be a block or a tube, you add water to it to create subtle colours.
6	acrylic	Acrylic paint is a fast-drying, glue like paint. Acrylic paints become water-resistant when dry.
7	clay	Is earth that can be moulded when wet, and is dried and baked to make bricks, pottery, and ceramics.

## Techniques

8	sketching	A loose line drawing that is created quickly without worrying about total accuracy. Sketches can be done to prepare for later work.
9	colour wash	Is a thin coat of water-based paint using long sweeping strokes.
10	pinch	A process where the clay walls are thinned by pinching them with thumb and forefinger.
11	roll	Clay can be rolled flat with a rolling pin or into a cylindrical shape with the flat of a hand.
12	score, slip and blend	Scratch the surface of the clay to rough up the surface. Next use water or very wet clay to act as glue to join the pieces. Finally use a tool to press the edge into the base to make the join secure.

## Sketchbooks

13	We use our sketchbooks to collect images we will use to inspire us and improve our own pieces.
14	We use annotations to add our thoughts.
15	We use them to try out ideas and plan pieces. If something goes wrong when we're following our plan we can make the changes we need to.
