

# PSHE- Year 3- Identity, society and democracy – celebrating difference.

## Key Vocabulary

1. Similarity - something that is the same as.
2. Difference - something that is different from.
3. Culture - the ideas and beliefs that certain people have which changes the way they behave
4. • Community - a group of people who live or work together towards a common goal.

## Important Questions

Can you think of any benefits of being part of a community? Are you part of any communities? (Think about clubs too) Are there any differences within your own family that you appreciate?

## Key Points I will learn

1. That similarities and differences between people can come from lots of different
2. places including family, culture, age, gender,
3. beliefs, personal interests.
4. That we have shared interests and
5. experiences with others around us as well as within our world.
6. That people in your class might be similar or different to you but that you can still play and work together.
7. What it means to be a part of a
8. community.
9. To recognise some groups or communities that you belong to.
