YEAR 3

Year 3 started their new science topic this week looking at forces and used a range of items to test these forces out.

YEAR 6

Year 6 have been incredible during their SATs, they have been super focused and full of resilience throughout the whole week! They got to enjoy breakfast as a year group, in the hall, every morning before tackling the tests. The children have been so encouraging towards one another and have just highlighted their caring and kind nature. Well done, team Y6!

WALK TO SCHOOL WEEK

Walk to School Week starts on Monday 20th May until Friday 24th May. In school, we will be talking to the children about the benefits of walking to school. It would be great if our whole community could pull together and make our local environment safer and healthier by walking to school for the whole week or parking and striding. There is some really great information for families at this link;

WELCOME TO THE START OF YOUR WALK TO SCHOOL JOURNEY. IN THIS SECTION, WE TALK ABOUT THE BENEFITS OF WALKING AND DISCOVER WHY FAMILIES ARE SWAPPING CARS FOR FEET ON THE SCHOOL RUN.

ADULTS
30 MINUTES 5 DAYS A WEEK

CHILDREN & YOUNG PEOPLE
1 HOUR A DAY ENOUGH TO MAKE THEM HUFF AND PUFF.

MOMENTS MATTER, ATTENDANCE COUNTS!

School attendance is so important for your child's future. If your child is feeling a little under the weather, but has not been sick or has a high temperature, please bring them to school. We will monitor them and call you if absolutely necessary. We find that children are occupied at school and soon forget about any minor illnesses.

NON SCHOOL UNIFORM DAY

On **Friday 24th May**, we are inviting children to come to school in non-uniform, in exchange for donations for prizes for the FOPS summer fair. Bring a bottle or filled jar! See our posters around school and on the newsletter.

RECEPTION & YEAR 6 PHOTOS

On **Tuesday 21st May**, Year 6 and reception children will be having their photos taken so please make sure these children come to school in their smartest uniform and biggest smiles!

ABSENCE PHONE

Please only leave absence messages on the absent phone. For anything else, please email your child's teacher or the office.

DISABLED SPACE

Please **DO NOT** park in the schools disabled space if you do not have a permit to do so. The car park is only for staff and school visitors. Parents shouldn't be coming in or out of the car park in their cars as it is a health and safety issue and is endangering the other children who arrive and depart on foot.

What Parents & Carers Need to Know about

WHATSAPP

AGE RESTRICTION
16+

In UK and Europe;
rest of the world 13+

With more than two billion active users exchanging texts, photos, videos and documents, as well as making voice and video calls, WhatsApp is the world's most popular messaging service. Its end-to-end encryption only allows messages to be viewed by the sender and any recipients; not even WhatsApp itself can read them. This privacy issue has been in the spotlight recently, as the UK's Online Safety Bill proposes to end such encryption on private messaging. WhatsApp is unwilling to do so and has reportedly considered withdrawing its service in the UK should this legislation go ahead.

WHAT ARE THE RISKS?

EVOLVING SCAMS

WhatsApp's popularity makes it a lucrative hunting ground for scammers. Recent examples include posing as the target's child, requesting a money transfer because of a spurious 'emergency'. Plus a scam where fraudsters trigger a verification message by attempting to log in to your account, then (posing as WhatsApp) call or text to ask you to repeat the code back to them, giving them access.

CONTACT FROM STRANGERS

To start a chat, someone only needs the mobile number of the WhatsApp user that they want to message. If your child has ever given their number out to someone they don't know, that person could then contact them via WhatsApp. It's also possible that your child might be added to a group chat (by one of their friends, for example) containing other people that they don't know.

FAKE NEWS

WhatsApp's connectivity and ease of use allows news to be shared rapidly – whether it's true or not. To combat the spread of misinformation, messages forwarded more than five times on the app now display a "Forwarded many times" label and a double arrow icon. This makes users aware that the message they've just received is far from an original – and might not be entirely factual, either.

'VIEW ONCE' CONTENT

The facility to send images or messages that can only be viewed once has led to some WhatsApp users sharing inappropriate images or abusive texts, knowing that the recipient can't re-open them later to use as evidence of misconduct. People used to be able to screenshot this 'disappearing' content – but a recently added WhatsApp feature now blocks this, citing increased privacy.

CHAT LOCK

Another new option allows users to store certain messages or chats in a separate 'locked chats' folder, saved behind a passcode, fingerprint or face ID authentication. The risk here is that this function creates the potential for young people to hide conversations and content that they suspect their parents wouldn't approve of (such as age-inappropriate material).

VISIBLE LOCATION

WhatsApp's 'live location' feature lets users share their current whereabouts, which can be helpful for friends meeting up or parents checking that their child's safety on the way home, for example. However, anyone in your child's contacts list or in a mutual group chat can also track their location – potentially letting strangers identify a child's home address or journeys that they make regularly.

Advice for Parents & Carers ...TYPING...

EMPHASISE CAUTION

Encourage your child to treat unexpected messages with caution; get them to consider, for example, whether the message sounds like something a friend or relative would really send them. Make sure they know never to share personal details over WhatsApp, and to be wary of clicking on any links in messages. Setting up two-step verification adds a further layer of protection to their WhatsApp account.

ADJUST THE SETTINGS

It's wise to change your child's WhatsApp settings (go to 'Privacy', then 'Groups') to specify which of their contacts can add them to group chats without needing approval; you can give permission to 'My Contacts' or 'My Contacts Except...'. Additionally, if your child needs to use 'live location', emphasise that they should enable this function for only as long as they need – and then turn it off.

THINKING BEFORE SHARING

Help your child to understand why it's important to stop and think before posting or forwarding something on WhatsApp. It's easy – and all too common – for content to then be shared more widely (even publicly on social media). Encourage your child to consider how an ill-judged message might damage their reputation or upset a friend who sent something to them in confidence.

CHAT ABOUT PRIVACY

Some parents like to check in with their child about how they're using WhatsApp, explaining that it will help to keep them safe. If you spot a 'Locked Chats' folder, you might want to talk about the sort of chats that are in there, who they're with and why your child wants to keep them hidden. Also, if your child has sent any 'view once' content, you could discuss their reasons for using this feature.
